

§ 1726.253 Prior approved contract modification related to alternative bid provision for payment to contractor for bulk purchase of materials.

When construction is to be performed over an extended period of time, but large quantities of material are to be purchased by the contractor at the beginning of the project (e.g., cable for URD installations), the borrower may allow alternative bids providing for payment to the contractor of 90 percent of the cost of such materials within 30 days of delivery of those materials at the job site. The borrower will retain the right to award the contract with or without the alternative payment provision, however, the contract still must be awarded on the basis of the lowest evaluated responsive bid for the alternative accepted.

To the maximum extent permitted by law, Bidder shall defend, indemnify, and hold harmless Owner and Owner’s directors, officers, and employees from all claims, causes of action, losses, liabilities, and expenses (including reasonable attorney’s fees) for personal loss, injury, or death to persons (including but not limited to Bidder’s employees) and loss, damage to or destruction of Owner’s property or the property of any other person or entity (including but not limited to Bidder’s property) in any manner arising out of or connected with the Contract, or the materials or equipment supplied or services performed by Bidder, its subcontractors and suppliers of any tier.
